S U M M A R Y

Hard-working student with a few technical skills and a driving force to learn. He is highly dedicated to his work. Worked with a few clients to help build their online presence by curating their websites and infographics.
Participated in web design competitions. I am seeking an internship to improve my craft and learn a lot along the way. Proficient in English, Hindi, and Marathi.

E X P E R I E N C E / A C T I V I T I E S
